

Map Chart

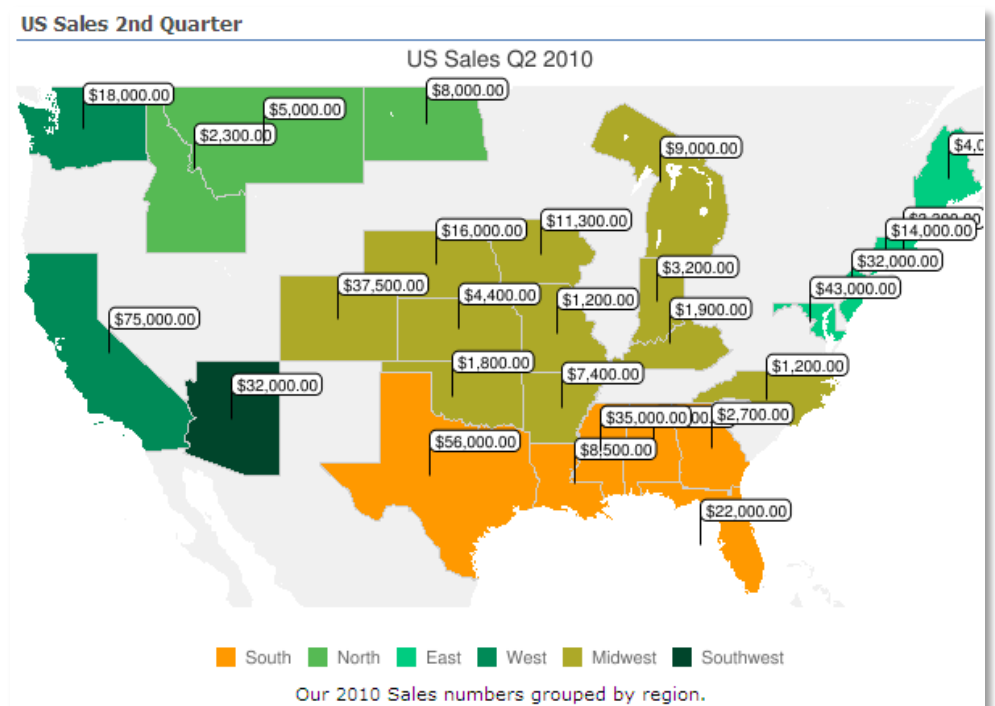

Web Part

Enterprise Version

© AMREIN ENGINEERING AG

Version 2.0

February 2011

Description

The Google Map Chart Web Part allows to chart data contained in the specified Sharepoint List as a geographical map. The map is created using Google's public Chart API

The Web Part can be used with Windows Sharepoint Services V3, MOSS 2007 and Sharepoint 2010.

The following parameters can be configured:

- Sharepoint List containing the data to be visualized
- Geographical map area:
 - USA
 - South America
 - Europe
 - Asia
 - Middle East
 - Africa
 - World
- Map dimensions
- Grouping of Regions
- Web Part and Map background colors
- Map Chart Color Palette
- Chart Title, Legend, Markers and Caption

Prerequisites

Before you attempt to install the solutions you need to make sure that you have the following installed on your server(s):

- Windows SharePoint Services 3.0, Microsoft Office SharePoint Server 2007 or Sharepoint 2010

Installation

Manual Installation

1. download and unpack the **AEMapChartWebpart.zip** file.
The ZIP archive contains the MapChartWebpart.dll and the AEMapChart.webpart files.
2. drop the MapChartWebpart.dll either into the SPS web application bin directory or into the GAC of your Sharepoint server (c:\windows\assembly).
3. add the following line to the "<SafeControls>" section of your Web.Config file.
Please make sure that the line is added as one single line (no line breaks):

```
<SafeControl Assembly="MapChartWebpart, Version=1.0.0.0, Culture=neutral,
PublicKeyToken=390c6862534d1b79" Namespace="MapChartWebpart" TypeName="*" Safe="True" />
```

4. from the top site go to "Site Actions/Site Settings/Modify All Site Settings/Galleries/Web Parts"
5. use the "Upload" menu option to upload the AEMapChart.webpart file.

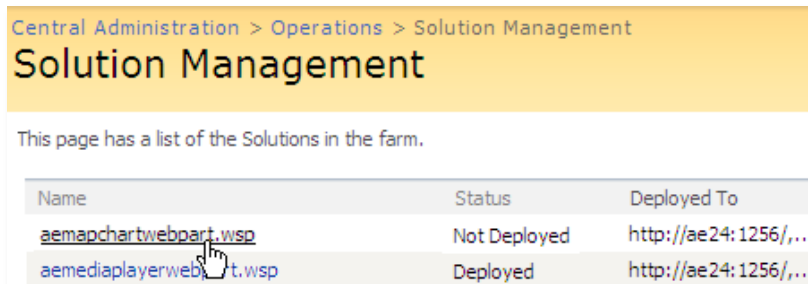

Automatic Installation

1. Unpack the **AEMapChartWebpart.wsp** and **Install.bat** (install2010.bat for Sharepoint 2010) files from the Zip Archive and place the 2 files onto your Sharepoint Server.
2. Add the Solution by either running **Install.bat** or manually entering:
stsadm -o addsolution -filename AEMapChartwebpart.wsp

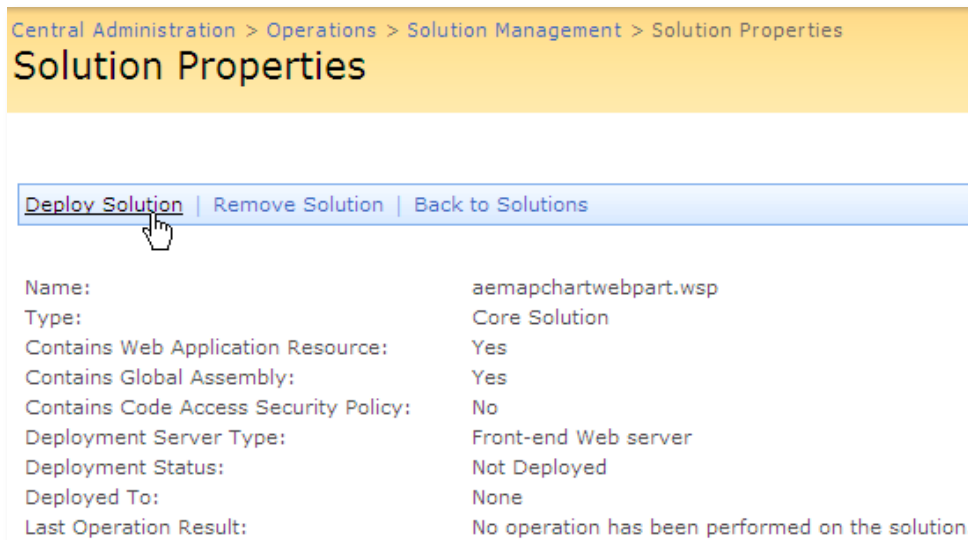

3. Deploy the solution by navigating with your browser to “Central Administration->Operations->Solution Management”:

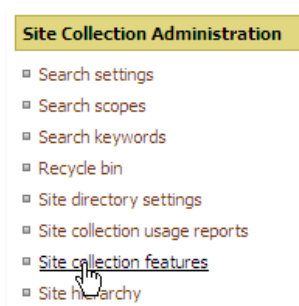

4. You should now see the **AEMapChartWebpart.wsp** in the farm’s solution store:

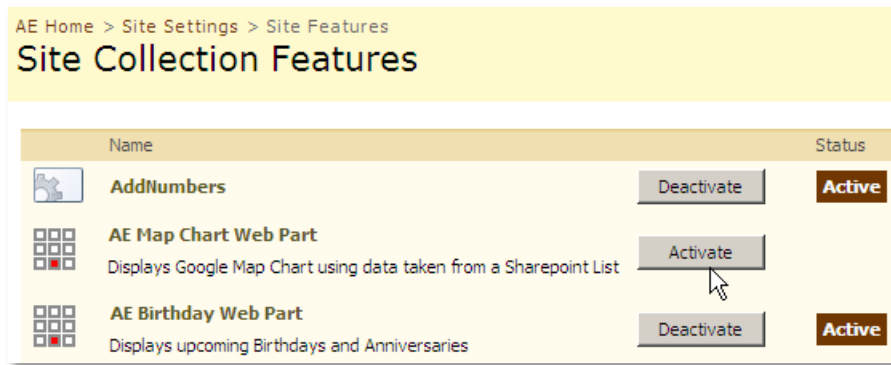

Click on “AEMapChartWebpart.wsp” to deploy the solution:

5. Proceed to activate the feature by navigating to the “Site Actions/Site Settings” page in your top-level site:

Choose "Site collection features" to navigate to the Site Collection Features page:

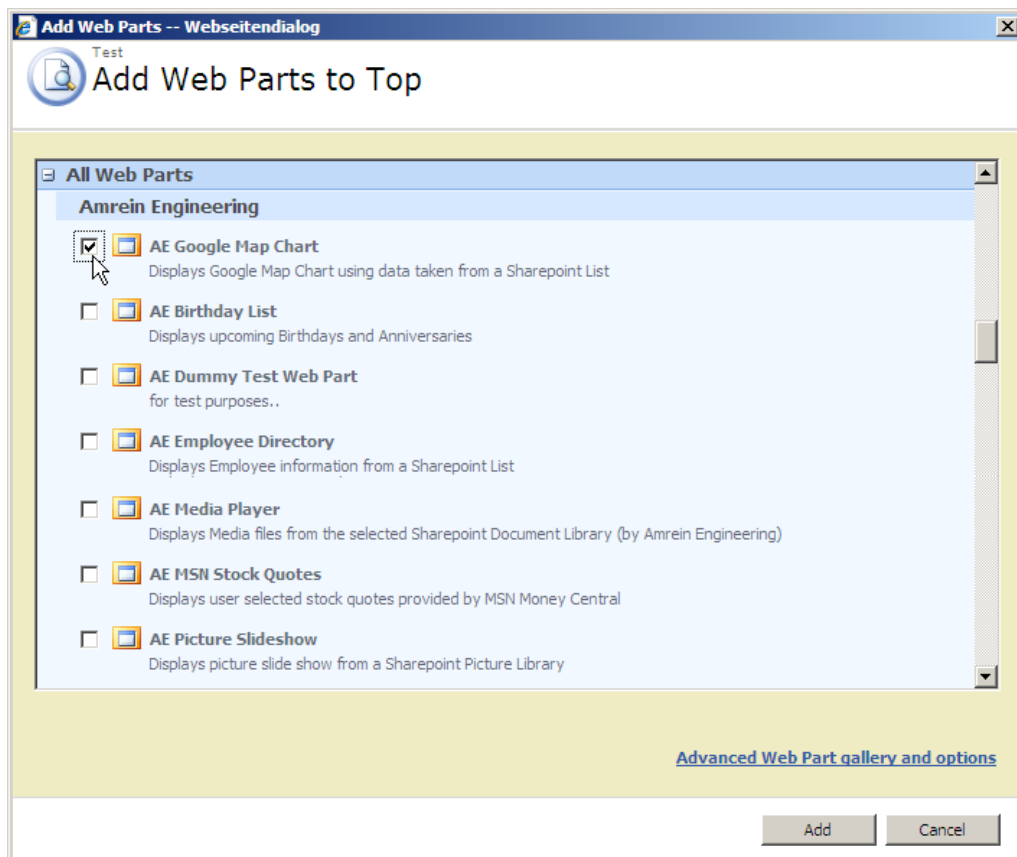

Activate the "AE Map Chart Web Part" feature

Adding the Web Part to a Page

Navigate to a page where you would like to place the web part and choose "Site Actions/Edit Page"

Add the web part to the appropriate zone. The web part is listed either in the "Amrein Engineering" gallery section (Automatic installation) or in the "Miscellaneous" gallery section (Manual installation):

License Activation

You have the following 3 options to enter your License Key:

1. Enter the License Key into the corresponding "License Key" field in the web part configuration pane (See description above).

2. WSP Solution Deployment:

Add the **License.txt** file (as supplied by AMREIN ENGINEERING after having purchased a license) to the Solution at the following location:

```
c:\Program Files\Common Files\Microsoft Shared\Web Server Extensions\14\template\features\AEMapChartWebpart
```

Manual Deployment:

Add the License Key to your web.config (typically found at c:\inetpub\wwwroot\wss\virtualdirectories\80) <appSettings> section as follows:

```
<appSettings>
.
.
  <add key="AEMC" value="AEMC-x-xxxxx-xxxxx-xx-xx" />
</appSettings>
```

Replace the "x" characters with your actual key values.

Please note that this method requires you to manually add the key to each Sharepoint application
